Gabriel Caillaux, Managing Director and Head of EMEA, based in General Atlantic's London office, was named in Financial News' inaugural list of the '50 Most Influential People in European Private Equity'. Since joining the firm in 2004, Gabriel has helped expand the firm's investment focus across the greater European region to include Eastern Europe and the Middle East. Over the past year, Gabriel has been involved in 12 European deals. He serves on the boards of Argus Media, Greensill, ManoMano, Network International, NuCom Group and SÉZANE.

The Financial News inaugural '50 Most Influential in European Private Equity' list is the publication's pick of the top dealmakers, investors, business leaders and advisers shaping the European market. Financial News and Private Equity News' editorial teams spent several months canvassing the market and inviting submissions before drawing up a long list of almost 200 senior executives as nominees. The final 50 selected stand out for their influence, firepower and track record in the past 12 to 18 months, as well as their wider industry profile in the region.
