

General Atlantic wins Growth and Buyout Fund of the Year award at Investor Allstars

General Atlantic won Growth and Buyout Fund of the Year at the 2018 Investors Allstars awards ceremony. This award recognizes firms that have a track record of innovative fundraising, investments, and exits, and that have added considerable value – beyond financing – to portfolio companies. The winning firm must also have a proven ability to build consistent, close working relationships with early and growth stage European companies and entrepreneurs.

The Investor Allstars awards program, now in its 16th year, seeks to energize and celebrate the successes of the European entrepreneurial and investor ecosystem and draw attention to the companies and investors that are creating the global winners of tomorrow.
