

# Partners Capital Investment Group Announces Minority Investment from General Atlantic

**London and New York** - [Partners Capital Investment Group](#) ("Partners Capital"), a global Outsourced Investment Office, today announced a minority investment from [General Atlantic](#), a leading global investor. Investment funds managed by General Atlantic are establishing this minority position by buying a portion of the equity currently held by Partners Capital's longstanding external shareholders and some of the founding generation partners.

As part of this transaction, the current leadership team at Partners Capital will see a step change increase in their ownership of the firm that will help to lock in senior talent, with the ability for future leaders to build meaningful ownership in the firm over time. Partners Capital's investment operations will operate independently of General Atlantic.

Founded in 2001, Partners Capital is an Outsourced Investment Office acting for institutional and private clients. The firm's client base includes distinguished endowments and foundations across the U.S., Europe and Asia, with their missions focused on education, healthcare and the arts. With more than \$50 billion in assets under management, Partners Capital constructs tailored investment portfolios for its clients, leveraging its deep network of partnerships with what it believes to be leading asset managers across all major asset classes. The firm employs more than 350 people across its seven offices located in Boston, New York, London, San Francisco, Paris, Singapore and Hong Kong.

For over 20 years, the Partners Capital team has developed state of the art portfolio construction based on [proprietary intellectual property](#) and established a deep set of asset manager partnerships.

This transaction will enable Partners Capital to leverage General Atlantic's extensive global network and value-add capabilities as the firm cements its next generation of leadership and continues to deliver investment excellence for its clients. General Atlantic's patient capital model emphasizing long-term partnership is aligned with Partners Capital's objective to build longstanding client relationships and deliver leading investment outcomes.
