

Paul Stamas Awarded as a Top 40 Under 40 Growth Investor of 2019 by GrowthCap

Paul Stamas, Global Co-Head of General Atlantic's Financial Services sector, was selected as one of GrowthCap's Top 40 Under 40 Growth Investors of 2019. Paul was recognized for his leadership of the firm's Financial Services sector and expertise in growth investing across digital banking, investment management, payments, brokerage, and insurance technology.

In order to be selected by GrowthCap as an awardee, each candidate must pass through three stages. First, GrowthCap preselects potential nominees from top-tier growth equity and private equity firms. Second, candidates are formally nominated by their firm, with detailed investment information submitted on their behalf. Third, GrowthCap evaluates each nominee's investment performance and depth of expertise, among a number of other attributes, and selects the final group of awardees. This is GrowthCap's sixth-annual list of Top 40 Under 40 Growth Investors.
